GET IMMEDIATE CARE

Monday-Friday:

8:00 am - 4:30 pm

Saturday Hours Available

*Please check our website
for current hours*

“Our Urgent Ortho clinic can serve to lessen the burden that is likely to be placed on Emergency Rooms and Urgent Cares during this crisis. Our goal, above all else, is to uphold social responsibility. We can treat patients with orthopedic injuries outside the hospital settings so that these hospital teams can focus their time and resources on treating those with COVID-19 related symptoms.”

Timothy Bonatus, DO
